Maltby & Co.
P.O. Box 364
Stoughton, Mass. 02072

Dear Mr. Maltby;

I just wanted to let you know that the crew that came to take down my trees did an awesome job. I was in total amazement as to how they took the trees down.

Even though they ran into a delay when the blade broke in the chipper, they still managed to take down all the trees that day.

The crew made sure that when they were done that my property was cleaned up.

I just wanted you to know that you have a great crew and they all did a great job. I would not hesitate to call you in the future or refer you to friends.

Thank you.
