

For Mr. Maltby

June 4, 2009

Dear Bob,

I just wanted to let you know what a great crew I think you have. The entire operation from my first meeting with you until now was extremely professional. I would recommend you folks to anyone. I got to talk a little with a couple of the guys including the crane operator, and liked them all.

My very best to you. It was a pleasure doing business; and I don't often say that when it sets me back four grand.

Sincerely,
