Mr. Bill Maltby
Director of Administration and Finance
Maltby&Co.
30 Old Page Street
Stoughton, MA 02072

Dear Bill,

It was truly a pleasure to meet you at our Arbor Day event on Saturday, April 24th. On behalf of the entire Dimock community, I want to thank you and the Maltby team for all that you did to make the day a tremendous success.

Our campus is brighter and completely transformed. Because of your hard work and enthusiasm, we added 14 beautiful new trees, 13 new bushes and 125 plants.

At Dimock, we remain dedicated to providing quality care and services to some of the most undeserved neighborhoods in Boston, and your support is vital to our ability to succeed in our mission. A well maintained and beautiful campus represents an important visual expression of our commitment to those we serve.

Bill, each day when I drive on to campus I am reminded of your generosity and care for the patients and family who call Dimock home. I realize that you and your staff made great sacrifices in order to bring this day to fruition for Dimock. I truly hope this is the beginning of a great partnership. Thank you again.
